STUDY ABROAD

IES ABROAD NANTES – September 2023 – December 2023

- Studied abroad in Nantes, France for 4 months, taking classes in French art history and cinema to strengthen French speaking skills.
- Broadened cross-cultural understandings by taking classes at the local university and living with a French host family.
- Traveled to multiple historically relevant sites, such as the Châteaux of the Loire Valley and Mont-Saint Michel, to gain a greater understanding of French heritage and patrimony.

Bryanna Hernandez

WORK EXPERIENCE

826LA Program Management Intern – June 2024 – August 2024

- Prepared materials and implemented curricula for the Screenwriting Summer Camp and Fall After-School Tutoring Sessions.
- Led other interns in set-up and note-taking for the Staff Development Conference.
- Conducted research and communicated with potential clients in the area.
- Created cover art and various graphic design materials for students using Canva.com.

FYI Product Management Intern - June 2023 – August 2023

- Conducted market research and benchmarked with several competitors to better position FYI on the market.
- Developed marketing strategies to widen market share and appeal to a young demographic.
- Facilitated numerous meetings over different time zones to ensure priorities and project deadlines were met and enhanced communication between the LA and London offices.
- Worked as a Scrum Master to manage the product backlog, organize and prioritize hundreds of JIRA tickets to facilitate bug management and app improvements.

Computer Science Teaching Assistant – September 2022 – May 2024

- Tutored students for the class Intro to Computer Science which focuses on Java and Python programming languages.
- Assisted teachers in grading homework and projects.

PROJECTS AND LEADERSHIP

PsychoPy Stroop Test - Aug 2021 – June 2023

- Worked with client, Occidental Psychology Department, to gather project requirements.
- Programmed an audio-visual experiment of the Stroop test, traditionally a color and word test used to measure cognitive processing, that tracks response time and accuracy with counterbalancing in PsychoPy using Python and Java.
- Troubleshoot and problem-solved during testing and deployment phases to ensure successful delivery.

KOXY Radio DJ: Gamer's Soundtrack - Mar 2022 – May 2025

- Curated and hosted a one-hour radio show highlighting video game soundtracks associated with a weekly theme.

Mock Trial President - Sep 2020 – Mar 2021

- Coordinated with other officers to advertise the club, recruit and audition members, select a team, and assign roles on the case.
 - Organized team meetings and mentored new members; moved the meetings and auditions online in response to Covid-19.
 - Recruited attorney coaches and a teacher sponsor.
 - Registered for and competed team in the North Texas Regional Mock Trial competition and moved on to finals.
 - Led team to the Texas State Mock Trial competition and moved onto semifinals round; placed 3rd overall.
-
